Why Have a Wedding Video?

What is more precious than the sights and sounds from the most important day of your life, your wedding day? A photograph can capture a moment in time; a video will allow you to capture almost everything.

enhanced with the use of music and editing that will make your video flow seamlessly from beginning to end. Professional filming saves life's most precious and beautiful moments, as they happened.

The Video

Only a video will allow everyone to relive your wedding day, to see you walk down the aisle, to hear your voices as you exchange vows and rings, to hear and see the toasts, the music, your first dance at the reception and the chance to preserve the complete story of your wedding.

Having your wedding filmed means that everyone gets a chance to see each aspect of the day. There are moments during the day that some people miss. For instance, the bride will never see the guests arriving and the groom never sees the moment when the bride arrives. Your wedding is one of the most important days of your life, you want to keep these memories forever, and this is exactly what we will do for you.

Why SES Video Productions

A professionally recorded video is a world away from an enthusiast's camcorder. Would the BBC use amateur recording equipment? No, neither do we.

SES Video Productions use broadcast quality digital cameras, microphones and computer editing systems.

As a result, your wedding video will look and sound as good as any program you may see on television! Plus, a professionally produced wedding video can be artistically

We can do all of this and more, tailoring the video to meet your individual needs and very importantly, your budget!

The Package

We film the guests arriving at the ceremony starting 30 minutes before the ceremony.

The arrival of the bride and her attendants.

The marriage ceremony

(with the permission of the Church or Registrar)

The photo session outside the Church or Registered Premises and the departure for the reception.

Receiving the guests at the reception along with the cake cutting, speeches and toasts.

Highlights from the evening festivities until 10.30pm

A montage of still pictures from the DVD as a montage finale

Music will be added to the final edited version together with

professionally programmed titles.

The couple will receive three DVD copies in presentation boxes and additional copies can be provided at a cost of £20 each including postage and packing.

Demonstration Video

We would not expect you to book us without seeing some of our previous work and because of this we are more than happy to arrange a personal visit to explain who we are and demonstrate a small selection of weddings from our large portfolio. We would also be happy to answer any questions that you may have.

Please use our contact details provided on this leaflet.
